Our Vision

Preparing children to meet the challenges of today and tomorrow through programs that develop the individual, strengthen the family, and build safe, caring communities.

Our Program

Always adjusting to the changing needs of families our enhanced Hampshire Regional YMCA School Age Childcare Program provides value and peace of mind to working parents of school age children. The SACC program is designed to stimulate and develop creativity, enhance self esteem, and instill the core character values of caring, honesty, respect, and responsibility.

Our child-focused program ensures all children are valued and engaged. SACC staff encourage and challenge children to discover ways to connect life-experience with their school curriculums while making sure to incorporate both fun and fitness into all aspects of their time with us!

Program Components

Homework Time – Often a sore spot for active, energetic kids, this valuable time makes homework fun. We provide expert homework support during after school hours in all academic areas.

Athletics – For those who enjoy sports, this noncompetitive program component emphasizes skill development, exercise, and having fun!

Arts & Crafts – For children who love to be artistic and creative, Arts & Crafts gives them the opportunity to develop those interests and abilities. Children work with different media as they learn new and exciting skills.

Science/Technology – Always ready to nurture the inquiring mind, this program component gives children exposure to experiments, cooking, chemistry, and basic physics.

Drama & Music – Children gain performance skills and confidence as they explore the creative elements of music, drama, and improvisation.

Nature Study – Curiosity about the world comes naturally to children, and there's plenty to explore right outside our front door! Nature Study encourages children to inquire, investigate, and discover.

Nutritious Snacks – Last but certainly not least, our delicious and nutritious snacks make after school time even more enjoyable. All foods meet USDA CACFP regulations and are especially kid-friendly.

School Days Out

Because your work day doesn't stop for holidays or school days out, the Hampshire Regional YMCA offers full-day or half-day programs on most early dismissal days, professional days, school holidays and vacation weeks. For your convenience half day programs are held right at your child's school. The host site for full days out is the Hampshire Regional YMCA with exciting field trips planned to local destinations on many days.

- Pre-registration is necessary for all School Days Out participants
- Priority registration goes to those students already enrolled in our School Age Childcare Program
